

VENDOR OF THE MONTH

By Lisa Trachtenberg

Not sure if any of you have the same problem as I, getting my kids to actually enjoy getting their haircut. Well I have found the greatest place for kids cuts. It's clean, its fun, they're wonderful, and my daughter actually went from crying when we had to get our monthly haircut, to asking me weekly "Mommy can I get my haircut?".

So, let me tell you about Zayna's Cuts For Kids... owned and operated by siblings Moody and Maisha, who together have 23 years of experience and have opened a salon on the cutting edge. Their goal was to provide a CHEMICAL-FREE upscale speciality salon for children of all ages, with standard salon chairs for teens and themed stations (Safari, Nascar, Princess) for kids. In order to reduce the apprehension that can go along with a haircut, the staff at Zayna's uses minimal noise-making buzzers and entertain the children with video games, movies and toys. There is even a large play area for the children to wind down before and after the cut.

At Zayna's Cuts For Kids, they offer FIRST Haircut certificates (with a sampling to take home). They also support LOCKS OF LOVE and provide safe, and clean ear piercing. Planning your next birthday party? They have Glamor Parties! At Zayna's girls can watch movies or play video games while getting their nails, and ALL NATURAL make-up put on. Then they can enjoy dancing and playing games like the limbo and hula hoop.

As you will see there is a coupon in our Criterion Paper for "first time" visitors. Surely worth a try, and you will not regret it! Located right in Pompton Lakes on Wanaque Avenue. Also conveniently located a few doors down from Performing Arts Academy for our little Y members that dance there. Oh, and there is coffee for us moms!
